

Recombinant Trypsin

ANIMAL COMPONENT FREE CELL DETACHMENT

Biowest's recombinant trypsin is a genetically engineered protein expressed in *Escherichia coli*.

As such it is totally animal free and ready-to-use for cell culture applications. Free from contaminating enzymes like chymotrypsin as well as protein inhibitors. It is highly stable with a high purity > 95 %.

- Animal Free Origin
- No risk of virus, BSE or other adventitious agents
- High purity
- High stability over 2 years

Ordering Information

Cat N° L0941-100
Product Name Recombinant Trypsin, 100mL
