

Fetal Bovine Serum Premium

Avoid losing time in batch testing:

By using FBS Premium, our customers save time in their daily work: they avoid time consuming batch testing. FBS Premium is a collection of high quality batches, selected on excellent and defined values for essential data.

- ◆ No time consuming batch testing
- ◆ Endotoxin level < 5 EU/mL
- ◆ Haemoglobin level < 25 mg/100mL
- ◆ Guaranteed growth promotion > 80%*
- ◆ Extremely high consistency between batches
- ◆ Great cellular growth performance

*tested on SP2/0-Ag14, HELA, L929 and MRC-5

Applications:

- ◆ Cell culture
- ◆ Biotechnology research/production
- ◆ Vaccine manufacturing
- ◆ Cloning and animal diagnostic
